A GREAT OIL FIELD.

Much Excitement Aroused by the Strike Near Mannington, W. Va.

PROSPECTS OF THE NEW TERRITORY

Terrible Epidemic of Typhoid in the Vicinity of Burgettstewn.

MONEY FOR THE JOHNSTOWN WORKERS

PEPECIAL TELEGRAM TO THE DISPATOR. WHERLING, October 21 .- The reports first sent out regarding the coming in of the Jackson well at 1,000 barrels a day in the new oil field near Mannington, while somewhat exaggerated, have some foundation. The well did come in strong, but is now plugged awaiting the arrival of machinery and tanks, and its capacity has not yet been thoroughly tested. Its powers will be fully known when the tanks arrive. The excitement over the development of this new territory is intense. The town is crowded with oil men from all parts of the country, and property is changing hands at fabulous prices.
Thousands of acres of land have been leased, and those who were fortunate enough to get options before the drilling commenced are now realizing handsoniely by selling their options.

Preparations are making for the sinking of the Freparations are making for the sinking of other wells, and extensive operations will soon be under way. The Standard Oil Company controls a large number of leases in this territory. Experienced oil men say the field has a great future. The oil was struck in the "Big Injun" saud, at a depth of 2,000 feet, a half mile from the Baltimore and Ohio Railroad, and demonstrates that the town of Manington is about the center of the belt, which runs from the Pennsylvania oil field to the Parkersburg district.

A CROOKED PITTSBURGER Landed in Jail at Wheeling for Defrauding

Business Men. PEPECTAL TELEGRAM TO THE DISPATCH. WHEELING, October 21 .- H. E. A. Strickford, claiming to represent a Baltimore hard-ware house, is in the lockup at the City Hall on a general charge of crookedness. Strickford came here from Pittsburg about two months came here from Pittsburg about two menths ago and secured handsome apartments in the Reilly block, at Market and Fourteenth streets. There he displayed a hig line of fine hardware, and appeared to be doing a fine business. A week or so ago information received from the Pittsburg bolice authorities indicated that Strickford was crooked, and a tip was given the jewelry stores, and other places where he might attempt a stroke of business.

Saturday Strickford went to Hebrank's jewelry store and selected about \$150 worth of stuff, tendering a bogus check. He failed to get the goods, and the police being notified, he was arrested, but not until he had obtained sums of money, running from \$10 to \$50, from various parties, including Mayor Seabright. The police authorities have been notified.

A NEW CONNECTING LINK.

The Western New York and Penusylvania's Proposed Route to Oil City.

PEPECIAL TELEGRAM TO THE DISPATCE. FRANKLIN, October 21 .- The Western New York and Pennsylvania Railroad Company today commenced to make a survey for a new link between Ston boro and Oil City. For several years past this road has run its trains over the tracks of the Lake Shore and Michigan Southern road between the places named, but the latter served a notice on the Western New York and Pennsylvania Company that this arrangement would end on January 1.

The new route will be down the Big Sandy creek to the Allegheny river, eight miles below Franklin, and then up the river to this city. From Franklin to Oil City the tracks of the Erie road will be used. Two large surveying parties left the city to-day to locate the road. link between Ston boro and Oil City. For sev-

Coroner's inquest to investigate the mysterious death of Hugh Jackson last Thursdaysnight was held this afternoon, but, after hearing considerable testimony, adjourned to meet to-morrow evening, at which time several important witnesses are expected to be present. TESTERDAY'S INQUESTS.

The Mortality List of Several Days Considered by the Coroner.

Inquests were held in a number of cases yesterday with the following results: The emaciated man found at Skunk Hollow on Sunday morning was identified as Christ Hefler, aged 64, a carpet weaver, who lived at Thirty-second and Liberty streets. The verdict in the case was death from heart failure. Accidental death was the verdict in the case of James Peterson, struck by the limited mail train at Copeland on Sunday

The same result was reached in the case of Thomas Dougherty, who was baked to death in Long & Co.'s mill last Friday. The jury recommends that gratings be put over the openings to furnace draft chambers. Heart failure was the cause to which the udden death of Philip Eibert, a teamster of the Pittsburg Transfer Company, on Saturday morning was attributed. Accidental death was the finding in the case of Bernard Keelan, who died suddenly on Sunday at his home in Soho. A similiar verdict was rendered on William Brammar, who died from injuries sustained through a fall from a roof in Sewickley. The inquest on Peter Lomasky, killed on Saturday on the Batti-more and Ohio road, resulted in another verdict of accidental death. The body of the unknown man killed at Stewart station last Tuesday is still at the morgue unidentified. The verdict was killed by being struck by a train.

Coyne, of Sewickley, will take charge of the new St. Francis congregation at McKee's Rocks. Rev. Father George Kaylor, assistant priest at the St. Peter's Church at McKeesport, will go to Se-

wickley. Patrick's Church at Sugar Creek, and take charge of the St. Luke Church at Mansfield, which was in charge of the late Father Ed-ward Brennan. Rev. Father Dannibau, who was recently ordained, and who has since been at the St. Peter's Church in Allegheny, has been appointed assistant at St. Peter's at McKeesport.

FOR THE ELECTRIC CARS.

Work Began on the Rebuilding of the Ninth Street Bridge.

Workmen began tearing down the superstructure of the Ninth street bridge, yesterday, for the purpose of remodeling it to run the Pleasant Valley electric cars across. The roof and floor of the bridge will be entirely replaced and the structure will be almost entirely rebuilt.

Evidently Based on Misintermation. Mrs. Mary McCormick writes from Connellsville, denying the Associated Press Suburban Service item telegraphed from there Saturday night, that Harry McCormick and George Gardner had been connected with the robbery of the Opera House there. The boys are of good character and were, she says, working that night. The telegram was evidently based upon misinformation.

Catarrh

TS a blood disease. Until the poison is expelled from the system, there can be no cure for this loathsome and dangerous malady. Therefore, the only effective treatment is a thorough course of Ayer's Sarsaparilla - the best of all blood purifiers. The sooner you begin the better; delay is dangerous.

"I was troubled with catarrh for over two years. I tried various remedies, and was treated by a number of physicians, but received no benefit until I began to take Ayer's Sarsaparilla. A few bottles of this medicine cured me of this troublesome complaint and com-pletely restored my health."—Jesse M. Boggs, Holman's Mills, N. C.

"When Ayer's Sarsaparilla was recommended to me for catarrh, I was inclined to doubt its efficacy. Having tried so many remedies, with little ben-efit, I had no faith that anything would efit, I had no faith that anything would cure me. I became emaciated from loss of appetite and impaired digestion. I had nearly lost the sense of smell, and my system was bally deranged. I was about discouraged, when a friend urged me to try Ayer's Sarsaparilla, and referred me to persons whom it had cured of catarrh. After taking half a dozen bettles of this medicine, I am convinced that the only sure way of treating this that the only sure way of treating this obstinate disease is through the blood."
